EDUCATION

University Of Engineering & Technology Peshawar(Mardan campus)

Mardan

Computer Software Engineering / BS

21-August-2021

- CGPA: 3.28

LEADERSHIP EXPERIENCE

VersatileSoft

CTO

RingRoad Peshawar

Dec 2023 - till Today

- CTO of **VersatileSoft**, leading a team of 2 UI/UX developers, 1 graphic designer, 7 Flutter developers, to deliver mobile app development and website solutions for international clients.
- Managed major projects like **ATS (Auto Transportation System)**, a Switzerland-based car transport app, and **Linkwee**, a Saudi Arabia-based app, while driving the development of proprietary products.
- Developing in-house apps for PlayStore launch to expand the company's digital presence

Daaem

Saudia Arab (RemoteBase)

Mobile App Team Lead

Jan 2023 - till Today

- Managing five apps related to supermarket audits, attendance tracking, competitor reports, and admin/supervisor functionalities while supervising a team of four developers at Daaem Solutions.
- Conducted daily client meetings and followed a 15-day sprint cycle to ensure timely delivery and maintain project quality.

Beta Byte Technology

University Road Peshawar

Flutter Trainer

Jun 2022 - Jan 2023

- Led a team of 5 developers, seamless collaboration, timely delivery, and a 20% efficiency boost.
- Mentored junior developers on Flutter best practices and tools. Successfully taught 6 comprehensive Flutter batches from start to finish..

WORK EXPERIENCE

App Spot

IT Park Peshawar

Senior Mobile App Developer

Dec 2020 - Dec 2022

- Developed and maintained cross-platform apps using Flutter and Dart, integrating Firebase for authentication and data storage, including **Mevehicle**, a UK car-based app for toll tax, MOT days, car reports (PDF), and more, with admin control for Android and iOS.
- Collaborated with teams to optimize UX designs and align with technical and business priorities.
- Ensured app quality through rigorous testing, debugging, and implementing procedures for regular updates.

Last Wave Technology

Kanal Road Peshawar

Junior App Developer

Mar 2019 – Dec 2020

- Designed and deployed high-performance mobile and web apps using Flutter for front-end and back-end.
- Integrated real-time data streaming with Firebase and custom APIs.
- Developed custom widgets to enhance user experience and meet project needs
- Contributed to the **WhyApp** (available on Play Store) by working on UI and components as part of a collaborative team.

SKILLS & INTERESTS

Skills: I have expertise in Flutter (front-end/back-end), Firebase/Firestore, custom API integration, and state management using GetX/Provider. I am proficient in Dart, JavaScript, and design tools such as Figma and Canva Pro. I am also experienced in project management using Jira, Trello, and GitHub, with strong soft skills in problem-solving, leadership, and time management

Interests: Exploring **Generative AI**, integrating AI into **mobile apps**, and learning **backend technologies** to build innovative solutions.
